

### Key features

Visiosense offers you to add a current tool to your dynamic display. For content that is always up to date, put the activity of social networks on your communication. Get visibility through this feature.

### SOCIAL NETWORKS INSTAGRAM

The Instagram feed can be displayed with or without the text.

Timelines are inserted in a sequence like any other media.  
You can insert multiple Instagram feeds.

### Good practices of social networks:

A new experience for your customers, more relevant, more informative, more entertaining which leads to a better loyalty on your points of communication.
