

Key features

The plugin "Kanban" allows to create a collaborative dashboard. You will be able to paste small post-it notes on this whiteboard in color and position them where you want them from the mouse or from a tablet.

CHOOSE THE COLLABORATIVE TOOL

Effective for:

- project management
- taking notes
- brainstorming
- all pedagogical devices

A QR code allows direct access from a tablet or smartphone. Notes can be positioned anywhere on the board by simply dragging and dropping.
