Xroom Manager

Key features

In addition to the Xroom Booking plugin, the Xroom Manager plugin makes it easy to administer a set of screens. Compatible with all Android tablets or screens for the deployment of low-cost and light systems.

01   PLUGIN ADMINISTRATION SCREENS OF ROOMS

Ex: PRO tablet– POE ROOM10 (10 inches)

- Recognition chart for installed screens
- General check of the operating status (green, orange, red, black)
- Remote configuration of each screen (label, start URL link)
- Test mode: to display the label on the screen of the tablet.
- Administrator account
